For those children who love horses—love to groom them, learn about them and most of all, ride them—we provide the opportunity to do all those things and more. From the “horse nut” to the timid child, horseback riding increases confidence, teaches responsibility and boosts self-esteem. We maintain the highest standards in teaching safety, respect, instruction and, most of all, FUN!

**Cost: \$350 per session**

A non-refundable deposit of \$50 is required at time of registration.
